ISHES to call the attention of all that suffer with defective sight, caused by age, sickness, and particularly from glasses injudiciously selected, to his superior Spectacles and Glasses, carefully ground by himself to a true spherical accuracy, and brilliant transparency, suited precisely and beneficially to the wearer, according to the concavity or convexity of the eye. Very numerous are the ill effects caused to the precious organs of sight from the commencement of using glasses in not being precisely suited, by the use of an optometer; and the practice of many years enables him to measure the focal disease of the eyes, and such glasses that are absolutely required will be furnished with precision and satisfaction.

To persons who have have had the sight of their eyes so impaired as to require the use of Glasses, I would recommend Mr. John Tobias as a suitable person from whom to obtain such Glasses as they may require, as he has suited me with a pair of Spectacles for a far and near sight. My sight has been impaired very much by a service of years in the Post Office Department, which berth required me to be on duty from 11 o'clock at night till after day, during which time I used but one light.

W. A. WALKER.

BROOKLYN ORTHOPARDIC INSTITUTION,

After most careful examination of Mr. J. Tobias's Glasses, I am enabled to testify that their hardness, clearness, polishing, and exact optical shape, render them particularly recommendable to those whose merely optical impairment of the eyes are in want of such auxiliaries. I consider, moreover, Mr. Tobias fully qualified to determine the focus of the eye, both by his optical knowledge and experience, and by means of his optometer. In addition, I can further state that Mr. Tobias has supplied some of my patients with Glasses, to their and my satisfaction.

"F vving suffered for many years past with weakness of the eyes, and that defect of vision which results from a toe constant and intense use of these sensitive organs, we were led to make a trial of Tobias's new and improved discovery for the eyes, whose name heads this article. We saw them secommended by sundry gentlemen of Virginia, whom we know, and therefore had less hesitation in making the experiment. We are more than pleased with the article. We read with less fatigue with these lens than any we had ever tried before; and we see more distinctly with them. Without meaning to disparage the claims of others, who have made improvements in Spectacle Lens, we deem it but just to make the above statement. Mr. Tobias resides on Seventh street, opposite the National Intelligencer office."

LYNCHBURG, November 7, 1854.
From an examination of Mr. Tobias's Glasses, and from his observations and remarks, am convinced that he is a skilful optician.

Norfolk, Va., July 27, 1854.

In the experience of even two years, I have found great difficulty in obtaining Speciacles that were exactly adapted to the weakness of my sight. This inconvenience Mr. Tobias seems to have removed for the present by the substitution for me of better and more suitable Glasses. They are clear, chrystal-like, and comfortable to my eyes. I would commend him to those who, from age or other infirmity, require artificial aid in this way.

J. J. SIMKINS, M. D.

Sha: The pair of Speciacles you furnished me yesterday are particularly satisfactory to me. They are very decidedly the best I possess, and I am the owner of eight or nine pairs, carefully selected in different places, and from opticians recommended to me on account of their professional standing in France, England, and the United States. I have been also pleased with your remarks and directions on the treatment of the eyes, for the purpose of preserving and improving the sight.

Respectfully yours, CHS. CALDWELL, Professor of M. C., Louisville, Ky Mt. J. Tobias.

Washington, August 8, 1855.

Having been for years under the necessity of having two sets of glasses—one for use in the daylight, and one for lamplight—I procured one set from Mr. Tobias, which answered both purposes. I have used his for several months, and find them excellent.

EDWARD STURBS,

Of Department of State.

PETERSBURG, October 21, 1854.
About five years ago, I obtained from Mr. Tobias, in Washington, a pair of Glasses for the Spectacles which I used, and found them of great assistance to my decaying vision; and my opinion of him is, that he is skilled in the preparation of Glasses for eyes not too far gone to be benefited by such aid.

Platform of the American Party, adopted at the session of the National Council, February 21st, 1856.

1st. An humble acknowledgment to the Supreme Being, for His protecting care vouchsafed to our fathers in their successful Revolutionary, struggle, and hitherto manifested to us, their descendants, in the preservation of the fiberties, the independence, and the union of these States.

2d. The perpetuation of the Federal Union, as the palladium of our civil and religious liberties, and the only sure bulwark of American Independence.

end, native-born citizens should be selected for all State, Federal, and municipal offices or government employment, in preference to all others: nevertheless.

4th. Persons born of American parents residing temporarily abroad, should be entitled to all the rights of native-born citizens; but

5th. No person should be selected for political station, (whether of native or foreign birth.) who recognises any allegiance or obligation of any description to any foreign prince, potentate or power, or who refuses to recognise the Federal and State constitutions (each within its sphere) as paramount to all other laws, as rules of political action.

6th. The unqualified recognition and maintenance of the reserved rights of the several States, and the cultivation of harmony and fraternal good will, between the citizens of the several States, and

will, between the citizens of the several States, and to this end, non-interference by Congress with questions appertaining solely to the individual States, and non-intervention by each State with the affairs of any other State.

7th. The recognition of the right of the native-bors and naturalized citizens of the United States, permanently residing in any Territory thereof, to frame their constitution and laws, and to regulate their domestic and social affairs in their own mode, stitution, with the privilege of admission into the Union whenever they have the requisite population for one Representative in Congress. *Provided* always, that none but those who are citizens of the United States, under the constitution and laws thereof, and who have a fixed residence in any

thereof, and who have a fixed residence in any such Territory, ought to participate in the formation of the constitution, or in the enactment of laws for said Territory or State.

8th. An enforcement of the principle that no State or Territory ough to admit others than citizens of the United States to the right of suffrage, or of holding political office.

9th. A change in the laws of naturalization, making a continued residence of twenty-one years.

making a continued residence of twenty-one years, of all not hereinbefore provided for, an indispensable requisite for citizenship hereafter, and excluding all paupers, and persons convicted of crime, from land-

paupers, and persons convicted of crime, from landing upon our shores; but no interference with the vested rights of foreigners.

10th. Opposition to any union between Church and State; no interference with religious faith, or worship, and no test oaths for office.

11th. Free and thorough investigation into any and all alleged abuses of public functionaries, and

and all alleged abuses of public functionaries, and a strict economy in public expenditures.

12th. The maintenance and enforcement of all laws constitutionally enacted, until said laws shall be repealed, or shall be declared null and void by competent judicial authority.

13th. Opposition to the reckless and unwise policy of the present administration in the general management of our national affairs, and more especially as shown in removing "Americana" (by

pecially as shown in removing "Americans designation) and conservatives in principle, from office, and placing foreigners and ultraists in their places; as shown in a truckling subserviency to the stronger, and an insolent and cowardly brava-do towards the weaker powers; as shown in re-opening sectional agitation, by the repeal of the Missouri Compromise; as shown in granting to unnaturalized foreigners the right of suffrage in Kan sas and Nebraska; as shown in its vacillating course on the Kansas and Nebraska question; as shown partments of the government; as shown in dis-gracing meritorious naval officers through preju-dice or caprice; and as shown in the blundering

mismanagement of our foreign relations.

14th. Therefore, to remedy existing evils, and prevent the disastrous consequences otherwise re-sulting therefrom, we would build up the "American party" upon the principles hereinbefore stated 15th. That each State Council shall have autho rity to amend their several constitutions, so as to abolish the several degrees, and institute a pledge of honor, instead of other obligations for fellowship and admi. sion into the party.

16th. A free and open discussion of all political

principles embraced in our platform.

WOOD'S

HAIR RESTORATIVE.

THIS Astonishing and Unequaled preparation, turns hair back to its original color, after having become gray, and reinstates it in all its original health, lustre, softness, and beauty; removes at once dandruff from the scalp, and all unpleasant itching, as well as all cutaneous cruptions, such as Scald heads, &c., and hence creates a perfectly healthy state of the scalp, by acting as a stimulant and tome to the organs necessary to supply coloring matter to the hair, and completely restores them to their original vigor and strength, and thus prevents all tendency to become gray. It also prevents the hair from becoming unhealthy, and falling off, and brings it out where it is gone by resuscitating the organs necessary to supply nutriment, health, and coloring matter to it, and hence acts as a perfect Hair Invigorator and Tonic.

CHARLESTOWN, MASS., Aug. 9, 1865.

GENTLEMEN: Nothing but a duty and sympathy that I feel to communicate to others who are afflicted as I have been would induce me to give this public acknowledgment of the benefit I have received from Prof. Wood's Hair Restorative. When I first commenced using it, my hair was quite gray, and in spots entirely bald. I have now used the Restorative about five months, and my hair is entirely changed to its original color, brown, and the new hair is over three inches in length on the spots where it was bald. I have also been much gratified at the healthy meisture and vigor of the bair, which before was dry, and it has ceased to come out as formerly.

Prof. O. J. Woon: With confidence can I recommend your Hair Restorative as being the most efficacious article I ever saw. I have used the Wahpene and many other preparations of the day, all to no effect. Since using your Hair Restorative, my hair and whiskers, which were almost white, have gradually grown dark, and I now feel confident that a few more amplications will restore them to their natural more applications will restore them to their natural color. It also has relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.

This may certify that I have used Perry Davis's Vegetable Pain Killer in numerous cases, and believe it to be a very valuable medicine. I have prescribed it extensively in Bowel Complaint, (particularly for children,) and it is, in my opinion, superior to any preparation I have ever used, for the relief of those diseases. When given to children, I have always combined it with the syr up of gum arabio, say ten drops to a tea-spoonful or the syrup, well mixed. Others have mixed it with milk and molasses, equal parts.

that estimable medicine—"Perry Davis's Pain Killer."

When passing through Galena, some two weeks ago, I purchased at your agency, a 25 cent bottle. I was then suffering from a severely bruised hand. I applied it in the store, and was astounded at the almost instantaneous relief. Before I left the store, the inflammation was removed, and in less than an hour, the pain ceased. In two days my hand was well as ever. Finding it to be really a remedy, I determined to try its effects as a curative for the Piles, to which I had been a martyr for years. After five dressings, my piles were amongst the things that had been. I am now entirely free from them, and in as good health as ever I was in my life.

I have recommended the Pain Killer to others similarly afflicted, and always with good effect.

Several of the captains of the upper river boats carry with them a constant supply, and consider it one of the most valuable medicines ever discovered. I am, dear sir, respectfully yours,

KEY WEST, May 10, 1856 To the Editor of the American Organ:

My Dana Sir: In the month of December last, while on a visit to some of my friends at Tampa Bay, Hillsborough county, I was requested by numerous members of the American party to address the people on the political topics of the day, and notice of my acceptance was duly given through the columns of the Florida Peninsula, with a respectful request that the difference of the state the columns of the Florida Peninsula, with a respectful request that the citizens generally would attend. Accordingly, at the hour appointed, I repaired to the Court House, and upon being called to the stand opened my argument. Before I had concluded my remarks upon the first point in my discourse, (which was anti-foreignism.) I was interrupted by cries, which I afterwards found out proceeded from the mouths of some six or seven bullies, of "Down with the speaker! He is an Abolitionist, and shall not speak here!" These men were all armed, and the meeting was composed mostly of old men, who were desirous of hearing the principles of the American party fairly, and openly discussed. The consequence was that these men succeeded in creating such disorder, that after several ineffectual efforts to obtain a hearing in

men succeeded in creating such disorder, that after several ineffectual efforts to obtain a hearing in order to deny the false charge made against my houor both as a Southern man and a gentleman, I was compelled, in justice to my dignity, to ret re from the Court House. turbers of this meeting were the miserable tools of some of the leaders of the anti-American party; but this I will say, that I have been informed by least one distinguished gentleman of Hillsboroug that some of the anti-American orators in the la

that some of the anti-American orators in the late political campaign in that county gave it as a reason why the American candidates before the people should be beaten, that I, a member of the Philadelphia Convention, had made an abolition speech in the city of New York, at the great mass meeting, in June, 1855, and that therefore I, being one of the representatives of the Statefor Florida in the Convention, had fixed Abolitionism on the American party in this State, at least. Sir, I am utterly astounded at the fact that men who have hithe to pretended to such purity of action in themselves, and assumed to be the leaders of that patriotic and liberal so-called Democratic party—a party so and assumed to be in leaders of the party so liberal so-called Democratic party—a party so noble and its members so generous that they would give all the offices of this great Republic to the paupers and criminals of Europe, to the exclusion of their own countrymen—would promulgate such a vile slander, based alone upon the authority of the New York Tribane. The statement made by the Tribune, as taken from one of my spe reads thus:

"Mr. McCall, of Florida said, I do not ask you Northern people to love the institution of slavery; and, to tell you the truth, I do not exactly like it myself."

Now, these words I never used; and, further, I

pronounce this report of my speech by the Tri-bune, or any other paper that has copied it, a foul and malicious slander, manufactured expressly, it would seem, to injure the great American party, through me, one of its humblest members.

It is true that I used part of the expression at-tributed to me by the Tribune. Here are my re-marks upon the subject of slavery, as near as I can now remember my words:

I do not ask you Northern people to love the

institution of slavery, because it is a sectional matter, and belongs not to you, nor did the great party called Sam originate upon the heads of negroes, but did originate upon the principles of anti-foreignism, anti-Roman Catholicism, and protection to American laborers. All we ask of you in regard to the slave question is, to let it alone.

It is strange, that if I made use of statements alleged against me by the Tribune, and copied by the Savannah Georgian, Jacksonville News, and other papers of the like stamp, that the New York Horald, Express—papers that are considered as leading journals, and whose reporters may be reinstitution of slavery, because it is a sectional mat-

leading journals, and whose reporters may be re-lied on, did not so state my remarks. But enough, sir, for these miserable penny-a liners, who do ot hesitate to attempt the destruction of an honest man's reputation merely to carry out a political Mr. Editor, I fear that my communication may be somewhat more lengthy than I would otherwise desire it, were it not for the peculiar circumstances of the case. I feel that as a Southern Know-Nothing, as we are called by the opposition, that it is my duty to the American party and myself to give my views upon the exciting subject of slavery in a-few brief words to the country, inasmuch as I have

been assailed, and my speeches commented upon by the public prints of several of the States, as one of the members of the Philadelphia Convention.

Sir, I was born in the good Old North State, in the city of Wilmington, was raised and educated in the State of Georgia, lived for several years in the State of Alabama. I now reside on the island of Key West, on the extreme southern portion of slave territory in the United States, was never in the course of my life North of Mason and Dixon's line, 'till the inauguration of Franklin Pierce, and have owned and sold in market more slaves probably than two-thirds of the Southern editors of have owned and sold in market more slaves probably than two-thirds of the Southern editors of country newspapers, who seem to have taken such exquisite pleasure in shamefully abusing a Southerner, and that too upon the testimony alone of the New York Tribune, a notorious Abolition print, but to my opinion of the davery question. T is institution, then, I believe to be purely of a sectional character, guarant ed by the Constitution of the United States to the Southern States and belongs peculiarly therete, (as in the language of a distinguished member of Congress from Maryland.) "If you ask by what right I hold my slaves, I will point you to the constitution, and if you ask how I will defend that right, I will answer you in the language of the Scotch Earl to his terrified monarch by showing you my naked sword." Congress has no right to legislate upon the subject, nor has any other power, foreign or domestic, anything to do with it, and I say here with all candor, that I love the peculiar institutions of the sunny South, the land of my nativity, and am prepared at any and all times, if need be, to lay down my life in its defence.

There is one other point which I desire to refer bly than two-thirds of the Southern editors of

defence.

There is one other point which I desire to refer to, and then I am done. I have seen in the Savannah Georgian a charge that I am a disappointed office-seeker; that I applied to General Pierce for an appointment and was refused, and for that reason I became at once a member of the American party. This is not true. Here are the facts in relation to that matter. The Lagrange of the control of the true that matter. reason I became at once a member of the American party. This is not true. Here are the facts in relation to that matter. The Legislature of my State unanimously recommended me, without my solicitation, with one exception, and he was an Englishman, to the President to fill a distinguished office in the southern district of Florida. This recommendation, with his autograph letter, was sent by the Hon. S. A. Leonard, of Pensacola, to the Hon. S. R. Mallory, United States Senator, with a request that he would procure the appointm nt, which he said would be extremely gratifying to the peeple of his section. The Hon. Mr. Mallory, though he received his position in the Senate of the United States by my vote and influence, yet he did not interest himself in my behalf, and I have good reason to believe that General Pierce never saw the written request of the members of the Legislature. I was in Washington at the time, the appointment of the Hon. Mr. Mallory's brother-inlaw, who is a Roman Catholic, was made, and, although often requested by members of Congress to allow them to introduce me to the President and his Cabinet, I persisted in refusing, and finally left the capital without making their acquaintance.

I am extremely gratified to be able truthfully to
